Report of the Supervisory Committee

The Supervisory Committee of United Methodist Federal Credit Union performs annual audits on behalf of the Credit Union members. They ensure that the elected officials and management team are adhering to UMFCU's established policies and procedures. The Supervisory Committee is responsible for offering assurance that the corporate financial records are accurately prepared and that the operations of the Credit Union are fiscally sound.

After reviewing the internal audit performed by Freeman Auditing and Consulting Services, the Supervisory Committee is pleased to report that the financial standing of United Methodist Federal Credit Union is strong and secure. Management has received the recommendations from the review and has responded.

We would like to sincerely thank all of the staff and management at United Methodist FCU. It is a great pleasure to serve you as you continue to guide the growth of the Credit Union and build a secure establishment to help our members meet their financial goals.

Growing Strong

2009 Annual Report

**United Methodist
FEDERAL CREDIT UNION**

Lighting the way to financial stewardship

Growing Strong

In the midst of economic turmoil, United Methodist Federal Credit Union has not only stood strong throughout 2009, but we have also seen much growth financially and in membership. As we enter 2010, we are looking forward to another year of growth and improvements as we build toward a better future for all our members.

Rev. Don Brummet
Chairman of the Board

Last year, we had the pleasure of extending our membership to the east coast by partnering with New England United Methodist Federal Credit Union. Our new Maine branch has continued to serve our east coast members, and this expansion has brought added stability and membership strength to our Credit Union. We also welcomed the development of a sister Credit Union, Episcopal Federal Credit Union, who will work along side us in coming years to offer the great services and products of United Methodist FCU to members of the Episcopal Diocese of Arizona. Through our dedication to financial stewardship and partnerships with likeminded groups, we will continue to provide support for our members and grow in strength for years to come.

Ramon Noperi
President and CEO

This past year, our overall membership grew by nearly 30%, and we saw an increase in our total gross income of \$373,463 from 2008 to 2009, ending at \$3,827,282. Our total number of accounts also went up, breaking through the 10,000 mark and revealing an increase of nearly 2,500 from last year.

Assets and shares grew steadily throughout the year. Total assets ended at \$75,452,083, a near 18% increase from 2008. Similarly, our total shares went up just over 18.5% from last year, ending at \$70,329,882. Most notably, Money Market shares alone increased by nearly 42%.

The significant growth from 2009 gives us a great foundation with which to continue building, expanding and improving our products and services throughout 2010. With the growing need for better online banking options, our recently updated Credit Union will improve our members' access to their accounts from their homes and offices. We are also excited about relocating our headquarters to a new, convenient location later this year. With consistent improvement and dedication to exceptional service, we look forward to many more years of strength and growth.

On behalf of the Board of Directors, management team and staff at United Methodist Federal Credit Union, thank you for your continued trust and support. It is a joy to serve each of our members, and we look forward to helping you reach all of your financial goals.
